

# 2020 Drinking Water Clinic

Virginia Cooperative Extension Provides Affordable Water Testing and Interpretation for Wells and Springs of Households in Albemarle County, the City of Charlottesville and the surrounding counties

## Do you have a well, spring or cistern?

Drinking water clinics are held across the state to give people with **private water systems** access to affordable, confidential water testing, help interpreting their water test results, and information about possible treatment options. The goal of the Virginia Household Water Quality Program is to improve the water quality and health of Virginians with private water supplies.

### How does it work?

<b>Kickoff Meeting</b> <i>Receive sample kits, an introduction to the program, and instructions.</i>	<b>Memorial Day</b> <b>Monday, May 25</b> <b>5:30-6:30 pm</b>	<b>1600 5th Street Ext - Room A</b> <b>Albemarle County Office Building on 5th Street Ext</b> <i>Enter the main entrance. Room A is to the left of the lobby.</i>
<b>Sample Drop-off</b> <i>Drop off your sample bottles at a convenient location – We transport them to the lab.</i>	<b>Wednesday, May 27</b> <b>7:30 – 9:00 am</b>	<b>Front Parking Circle @</b> <b>Albemarle County Office Building on 5th Street Ext</b>
<b>Interpretation Meeting</b> <i>Receive your confidential results along with information about taking care of your water system and dealing with any problems.</i>	<b>Monday, July 6</b> <b>5:30 – 7:00 pm</b>	<b>1600 5th Street Ext - Room A</b> <i>If you are unable to attend the interpretation meeting, your results will automatically be mailed to you.</i>

### What does the water test include?

Water is analyzed on the Virginia Tech campus for 14 parameters. Once the analysis is complete, **results are returned at a final meeting on July 6 where the water test results are explained**, along with information about how to deal with any problems.

Iron	Manganese	Sulfate	Hardness
Sodium	Copper	Nitrate	Arsenic
Fluoride	pH	Total Dissolved Solids	
Coliform bacteria	<i>E. coli</i> bacteria	Lead	

For more information about these programs, visit: [www.wellwater.bse.vt.edu](http://www.wellwater.bse.vt.edu)

### How much does it cost? \$60 covers the cost of testing one sampling kit.
