

ISHOA Litter Pick-Up – Volunteer List for 2020/2021

Volunteers collect trash along the fence-line on Markwood Road each month. Anyone can help out, but one (or two) families per month are designated as the lead-litter-picker-uppers. Brightly colored safety vests can be passed from family to family each month; bring your own trash bags. Check the Calendar in the Members-Only section for more info!

Occasionally, neighbors get together to clean up the *whole length* of Markwood Road (from Indian Springs to Buck Mountain Road). Even if you can't participate, you can help out by offering the use of your trashcans, as there is usually too much trash to fit into one person's can!
